

Chemistry

“Chemistry is Life”. Chemicals are needed in varying degrees in all aspects of everyday human activity.

As manufacturers we can meet your quality and packaging requirements. Our multipurpose plant delivers a wide range of products and grades and where necessary we help with product specification and setting the level of quality to suit specific customer needs.

In over 70 years’ experience in the industry we have built up knowledge that means we can successfully meet the vast majority of customer requirements.

In chemicals we largely target the following sectors:

- Chemistry
- Electronics
- Automotive industry
- Ceramics
- Graphic arts industry
